

My Curriculum Maps

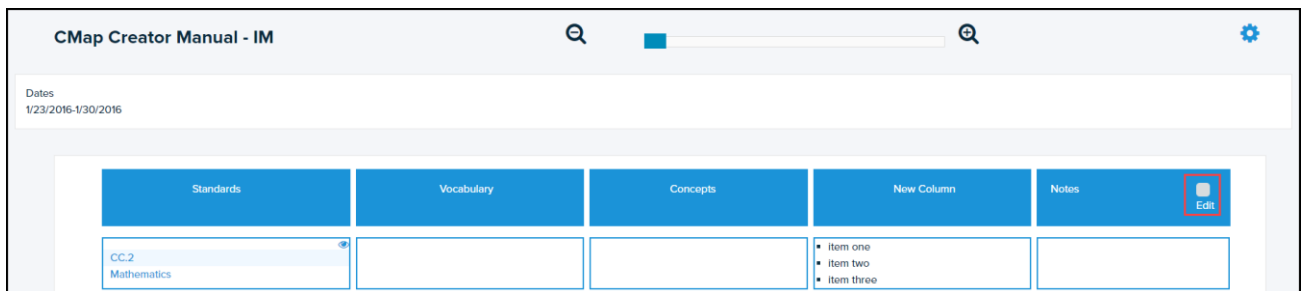

1. Access My Curriculum Maps by clicking **My Curriculum Maps** either on the Curriculum Framework menu or the MySAS menu.

2. Use the **Options** button to View, Email, Copy, or Delete your curriculum maps. You can also view the original map from this button.

3. On the **View Map** page, you can edit the **Notes** column by simply checking the **Edit** box, then clicking in the desired Notes box and begin typing.

4. You may also click the blue gear icon, then the green **Options** button to add the map to your ePortfolio, export the map to Excel, or Print the map. If you wish to view the map in a panel format, click the **Panel** radio button next to Options.

For directions on how to create a new curriculum map, as well as **Curriculum Map Templates** or **Template Headers**, click on the manuals displayed under the **Curriculum Mapping** title on the SAS Help page.
