

## Connect With Others

The **Connect With Others** section provides an opportunity to pose and respond to questions related to areas of interest. The SAS Leadership System provides a platform upon which leaders from across the Commonwealth can share resources and ideas. To enhance the quality of information provided on the system, a team of experienced professionals will be reviewing resources and participating in conversations to ensure timeliness, accuracy, and relevance. Postings should remain relevant to the topic at hand and participants must treat each other with respect.

On the Leadership System homepage, you will find question topics that have been suggested by the system based upon your selected preferences. If you have not set your preferences yet, refer to the appropriate sections of this manual for guidance.

1. To access a recommended question topic, click on the title. If you would like to view the full list of question recommendations, click the yellow **Go to Connect With Others** button along the bottom of the **Recommended for You** section.

2. Alternatively, click on the **Connect With Others** tab in the top SAS Leadership System menu bar to reach this section.

3. To perform a manual search of available questions/discussion topics, type a keyword into the search bar and click the magnifying glass icon. Your search results will populate automatically.

Connect With Others

Connect With Others provides an opportunity to pose and respond to questions related to areas of interest. Recent Questions reflects the most recent questions asked. Top Questions reflect the questions most frequently viewed. Recommended Questions are based upon your Leadership Focus and Organizational Data Analysis preferences.

6. If you wish to eliminate your selected filters and start a new search, click the **Remove All** button. Click the **Apply Filters** button to save your selections.

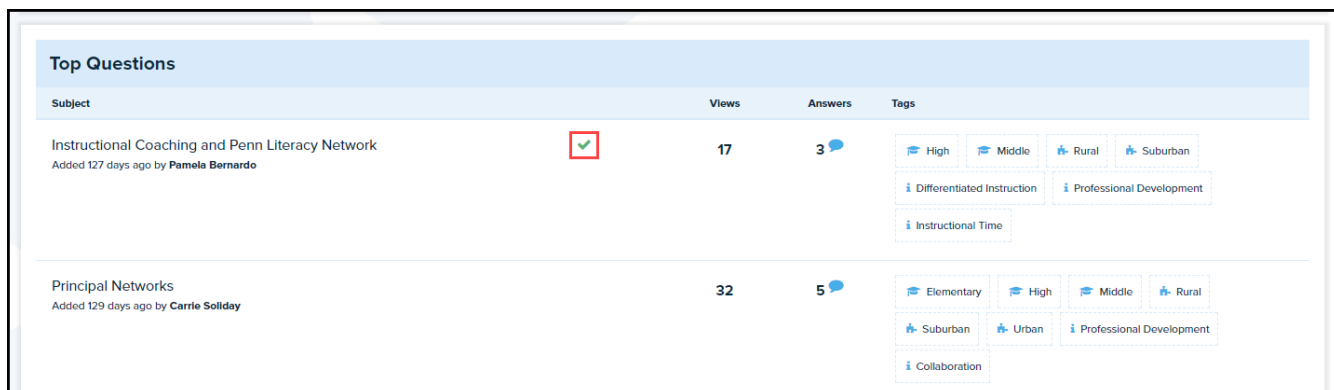

7. Your search results will populate automatically. To view a particular subject/topic, click on it for further information.

8. If you wish to view any of the questions/topics by category, click the yellow button below the Search Bar/Search Results. **Recent Questions** reflects the most recent questions asked by Leadership System users. **Top Questions** reflects the questions most frequently viewed. **Recommended Questions** are based upon your selected preferences. **My Questions** are those that you have personally created and posted to the site.

9. **Top Questions** is the default that will always be displayed on the **Connect With Others** landing page (located below the Search Results). A check mark next to a question title designates that the originator of the question has selected the most valid/helpful response provided by a fellow user.

10. The number of times the question has been viewed by users is displayed, along with the number of answers provided and the tags (topics) that are associated with it.

Good day,		High Middle Rural Suburban	
We are embarking on implementing Instructional Coaching in the district. I have also been researching the Penn Literacy Network. Does anyone have any information with regard to Instructional Coaching and Leadership, as well as experiences with Penn Literacy Network. Thanks for your assistance. This is a great question, our district has also struggled with this issue for some time now. I am interested to hear other administrators' responses and various approaches.

💬 Hi Pamela,

Last year, IU12 relaunched an instructional coaching network. Our focus for the first year was on learning about the various types of coaching models along with the BDA (before during and after) aspects of coaching. We have an online Eduplanet course that we have used as an introductory course for coaching. We have received very positive feedback so far. Let me know if you're interested in taking a look and perhaps purchasing the asynchronous version of the course for your network participants.
